

Internationalism Day Memo

0908 hours This is rather dull.

0909 hours Motivation? I don't need any. Go away.

0910 hours We don't care about optics. Wasn't this supposed to be an internationalism day?

0912 hours The Sun is our greatest foe!

0914 hours Finally that person's life story came to an end!

0918 hours "How do you sell yourself?"

0935 hours The babbler doesn't know the difference between "brutal" and "barbaric".
"Eating without silverware is considered brutal by some"

1010 hours Some people had been in India.

1025 hours Err... China? Why won't they let me make fun of things? :C

1028 hours *"Electric mopeds, millions for everyone!"*

1051 hours Everything's made of gold in Russia!

1100 hours Look, a bunch of stands with food! And flags. Lots of 'em.

1127 hours Lunch! One heck of a line, this'll take ages. Oh, and a bunch of "international" "edibles". Add some ten minutes of waiting for noodle soup that's only goddamn heated here!

1206 hours Helium time! Oh, your voice is like that all the time? I'm sorry.

1209 hours Work practice abroad? Bollocks.

1212 hours People have to spew out a travel report of the aforementioned thing?! Very not good.

1215 hours Some bloke had gone to the Netherlands *"because of the culture"*. Bull. We all know you went shopping for coffee.

1347 hours	Yay, no more stuff! I guess...
1400 hours	More stuff!
1402 hours	W... T... F... How can anyone sound like that?! Does not compute.
1428 hours	TOO MANY SEMINARS! Well, info about them.
1432 hours	WTF, English.
